

# ELEGANCY, EVEN IN THE DARK

## EXTERIOR AT EDAG

## YOUR GLOBAL MOBILITY ENGINEERING EXPERTS

The darkness has its own challenges and even in the dark adventurers aim for mobility.

Our experts at EDAG would like to make their contribution to developing a product for the customer that meets the highest requirements in terms of safety, quality, function, sustainability and luxury for a reasonable price.

As soon as the sun goes down, the CI (cooperate identity) and exterior trim elements should still be able to convey the uniqueness of the customer.

That is the underlying motivation bringing efficiently our deep knowledge in successfully integrable solutions.

We like to support you realizing the chrome shining at night, so that the premium visibility remains.

### Our Performances in Exterior Engineering:

- Design
- Concept Development
- Exclusive materials Expertise
- Extraordinary Solutions
- Validation
- Out-of-the-box thinking
- Testing
- Exclusive Surface Quality
